

THIS IS A PUBLIC SERVICE ANNOUNCEMENT.
ALL INFORMATION ON THIS CARD IS FOR EDUCATIONAL PURPOSES ONLY.

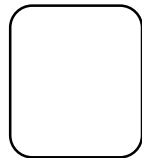

**TEAM KENTUCKY
NEEDS YOU**

Contact Tracing is a process used by the Kentucky Department for Public Health to help **stop the spread** of diseases like COVID-19.

**Goal: Stop the Spread of COVID-19
and Save Lives of Kentuckians**

**TEAM
KENTUCKY**

Contact Tracing is continuing in Kentucky for COVID-19

Frequently Asked Questions

What is Contact Tracing? The process of tracing people who may have been exposed to an infected person so they can self-isolate and begin monitoring for symptoms.

How does this help? Contact Tracing aims to reduce risk to others and protect communities from further exposure. Resources are provided to help both positive cases and potential contacts of a COVID-positive patient.

How safe is my information? The information you give is kept completely private and confidential. Your information will not be released nor made public.
