STATE OF EMERGENCY

The novel coronavirus (COVID-19) is a respiratory disease causing illness that can range from very mild to severe, including illness resulting in death, and many cases of COVID-19 have been confirmed in the Commonwealth.

The Kentucky Constitution and Kentucky Revised Statutes, including KRS Chapter 39A, empower me to exercise all powers necessary to promote and secure the safety and protection of the civilian population, including the power to suspend state statutes and regulations, and to command individuals to disperse from the scene of an emergency. Under those powers, I declared by Executive Order 2020-215 on March 6, 2020, that a State of Emergency exists in the Commonwealth. On March 18, 2020, I signed Executive Order 2020-243, encouraging all Kentucky citizens to take all feasible measures to engage in appropriate social distancing in accordance with the guidance of the Centers for Disease Control and Prevention (“CDC”). On March 22, 2020, I signed Executive Order 2020-246, ordering all in-person retail businesses that are not life-sustaining to close. On March 25, 2020, I signed Executive Order 202-257, requiring life-sustaining businesses to, to the fullest extent possible, utilize delivery or curbside service in lieu of in-person service, and to adhere to social distancing and hygiene guidance from the CDC.

Kentuckians are encouraged to remain Healthy at Home, which will continue to help protect our community from the spread of COVID-19. For the same reason, as the Kentucky economy reopens through phases Kentuckians and Kentucky businesses must be Healthy at Work.

On April 27 and May 1, 2020, the Secretary of the Cabinet for Health and Family Services, as my designee, modified the prior directives for elective medical procedures as part of the Healthy at Work Phase I reopening of healthcare facilities. Continuing with Healthy at Work Phase I of reopening, it is appropriate that certain businesses that are not

life-sustaining be permitted to reopen with certain requirements that all entities in the Commonwealth must implement and follow, and certain requirements that specific sectors, businesses, and entities must implement and follow. While ensuring Kentuckians can be Healthy and Work, it is imperative that Kentuckians also be Healthy at Home, and part of that effort is ensuring Kentuckians have power, water, and shelter.
