To: CARES Act Steering Committee Members

FROM: Elizabeth Smith, CARES Act Steering Committee Chair

RE: Proposal from Arkansas Municipal League and Arkansas Association of Counties

DATE: 9/4/2020

The sub-committee of the CARES Act Steering Committee assigned to review the proposal from AML and AAC was comprised of: Senator Missy Irvin, Representative Lane Jean, Secretary Larry Walter and myself. We met last Friday with members of the Arkansas Municipal League and Association of Counties along with State Comptroller, Paul Louthian and DFA Chief of Staff, Alan McVey who have worked closely with AML and AAC for some time on the proposal. I wanted to provide you with a brief summary of the Cities and Counties proposal and breakdown the decisions that the Steering Committee will need to make regarding this proposal.

The Committee set aside \$150 Million in Coronavirus Relief funds until September for the AML and AAC to return with a full proposal on behalf of the cities, towns and counties. We will need to consider the amount of funding as well as the methodology for the funding.

There are two pieces to the methodology: first related to the items/needs that will be covered by the funding and second, the amount of funds for each city, town, and county.

Regarding the items/needs: DFA has developed a very good business process for review of the requests. We will be asked to allow the same list of preapproved items for state agencies to be utilized for reimbursement for the cities, towns and counties. We will also be asked to approve a methodology for DFA, with assistance of CTEH to be able to approve other items/needs for reimbursement up to a threshold (possibly \$50,000) so that each request would not come before the steering committee. Any request above the threshold amount and items outside of those already preapproved or outside of the methodology would be brought to the Steering Committee for review and approval.

The second piece is regarding the amount of funding each city, town or county receives. AML and AAC have worked carefully to create a methodology to allocate the \$150M among the 500 cities/towns and 75 counties. The amount designated for allocation will only be received by the local government upon request for reimbursement of items within the above approval process. For example, if a city is allocated \$500,000 but only is able to prove expenses/need up to \$450,000 the other \$50,000 would not be given to the city but would be shared back to those other local governments which have greater need than their initial allocation provided. The AML & AAC letter sets out the phases for redistribution of the funds.

Finally, in the event there is a local government with very limited budget that might need funding upfront, that will be handled on a case by case basis either through vote by steering committee, or we could allow DFA the ability to review and make those determinations. In discussion with AML and AAC they do not anticipate the need for this however legislators have mentioned this could be an issue.

You will receive copies of the documents outlining all this information, and DFA, AML and AAC will be present to respond to questions. If you have any questions in the meantime, please let me know.

RE: Distribution of Local Government CARES Act Funding Model

Paul,

In our letter dated August 5, 2020, we presented a proposed timeline for the disbursement of the \$150 million set aside for cities and counties. In that letter, we based that timeline on our presumption, and hope, that Congress would extend the deadline to spend these funds – from December 30, 2020 to September 28, 2021. However, since that time we have grown concerned that Congress will not extend the deadline. With that in mind, we have reevaluated the deadlines based on the December 30, 2020 deadline. The three phased approach laid out in the August 5th letter will still apply, but we would incorporate the amended deadlines laid out below.

Originally, we had proposed that December 31, 2020 would be the deadline for Phase I of the disbursement procedure. Assuming Congress does not extend the deadline to spend CARES Act funds, we propose an amended deadline of October 31, 2020 for approval of CARES Act funds to be disbursed to cities and counties.

On November 1, 2020, any funds which have not been approved for reimbursement by CTEH (and submitted) will roll over into the city/town and county Phase II accounts. As mentioned in the August 5th letter, any submissions approved by CTEH in Phase I which exceeds that particular city/town or county entity's allocation in Phase II will be funded out of Phase II money.

Beginning December 1, 2020, any surplus remaining in either the city/town or county Phase II account shall be merged into one remaining Phase III account which will be made available on a first-come/first-served basis to any local government entity. Cities, towns, and counties will have access to the funds in the Phase III account until December 15, 2020. CTEH will continue to administer these claims.

Any funds remaining in the Phase III account after the December 15, 2020 deadline will be relinquished back to the state of Arkansas providing the state two weeks to redistribute any remaining funds before the December 30, 2020 deadline established in the CARES Act.

Finally, we would like to clarify a misconception. The CARES Act funding will not be handed out to the Arkansas Municipal League or the Association of Arkansas Counties, nor will the Arkansas Municipal League or the Association of Arkansas Counties be the disbursing entities of these funds. Instead, the funding will be distributed on a reimbursement basis directly to the cities, towns, and counties after the submittal of claims and review by the Department of Finance and Administration and approval by the Arkansas CARES Act Steering Committee and the Arkansas Legislative Council.

Mark R. Hayes
Executive Director
Arkansas Municipal League

Chris Villines
Executive Director
Arkansas Association of Counties

RE: Distribution of Local Government CARES Act Funding Model

Paul,

We appreciate the partnership we have with DFA and your help as we maneuver through the local government funding process within the CARES Act. Continuing this partnership with CTEH will allow us to walk through the difficult aspects with a guidance that will benefit us all, and we look forward to our pending meetings to set the wheels in motion. Compliance with Department of Treasury guidelines will be an important component of our relationships.

After careful internal deliberations within the Arkansas Municipal League (AML) and Association of Arkansas Counties (AAC), we have come up with the following plan to efficiently allocate the \$150 million that has been set aside for cities and counties. Both groups agree to split the \$150 million evenly - \$75 million to the cities and \$75 million to the counties. Therefore, the focus of this letter is on the allocation within these separate accounts and a process whereby each city/town and county will get a fair and equitable amount of funding commensurate with COVID-19 related financial impacts. This process involves a multitiered approach in determining the proper allocation within each grouping. It would involve three timed phases with deadlines for submission with any undistributed funding ultimately returning to the CARES Act Steering Committee in a timely fashion.

An important aspect of this process is that the HEALS Act currently being proposed by the U.S. Senate would extend the deadline for expenditure of Coronavirus Relief Funds to 90 days following the close of the next Arkansas fiscal year, meaning

September 30, 2021 would be the ultimate deadline for expenditures. We proceed with our timeline and phases based on this newly proposed date, but understand we will know in short order if this change does not occur. If the deadline does not change we will need to expedite all processes to go through these phases before the end of calendar year 2020.

The allocation we propose contains three phases, as follows:

- Phase I

Each of the city/town and county accounts will be funded at \$75 million apiece. Cities/towns and Counties, using different formulas, will create an internal allocation for city/town and county members. AML proposes using a *per capita* model which will appropriate a maximum amount to be applied for by each city and town. At this time the AAC has a working model based on total public safety budgets, by county, as a percentage of the total county public safety budget in Arkansas. Applications by the cities/towns and counties will be based on FEMA matching reimbursements and other allowable financial impacts as determined by and processed through the state contracted vendor, CTEH. We propose a deadline for these applications of December 31, 2020 – assuming the HEALS Act or another Congressional action pushes the deadline for expenditure of Coronavirus Relief Funds out to mid or late 2021.

- Phase II

On January 1, 2021 any funds in each of the city/town \$75 million or county \$75 million which have not been approved for reimbursement by CTEH (and submitted) will roll over into two new funding accounts. These will remain separate for cities/towns and counties. Any submission approved by CTEH in phase I which exceeds that particular city/town or county entity's allocation in phase I will be funded out of Phase II money. If the total of these submissions exceeds the phase II balance (for the respective entity) then the city/town or county entity submissions shall be funded on a pro-rata share based on the entity's Phase II requests as a percentage of total requests for similar entities (cities/towns or counties).

- Phase III

Beginning February 1, 2021, any surplus funds remaining in either the city/town or county Phase II accounts shall be merged into one remaining Phase III account which will be made available on a first-come/first-served basis to any local government entity. CTEH will continue to administer these claims. The deadline for application for this funding will be May 31, 2021 – at which time any undistributed funds will revert to the Arkansas Cares Act Steering Committee for distribution under their guidance.

We realize that the devil is in the details on a distribution such as this. We should remain flexible, especially as to the timing of deadlines, because if the Coronavirus has taught us anything, it is to expect the unexpected. There will likely be updated U.S. Department of Treasury Guidance between now and the end of this pandemic which will move the goal-line on all of us. Utilization of CTEH resources will provide a compliance factor to our requests, and as all of our groups know – compliance will be of utmost concern considering claw-back provisions within the CARES Act. We are appreciative of the help CTEH and DFA will provide in creating a pre-approval process for allowable expenses.

We stand ready to answer any questions you might have and hope that this model will prove to be equitable and simply administered. As always, we welcome your inspection, questions and advice to fine-tune this allocation and distribution.

LIST OF PRE-APPROVED ITEMS FOR PURCHASE

Revised 5/6/2020

The following items have been pre-approved for purchase by the Arkansas CARES Act Steering Committee. If you have purchased items from the list below and would like to request reimbursement, you will need to complete the Reimbursement Request Form.

If you wish to purchase an item not listed below, you will need to complete the Request for CARES Act Steering Committee Approval form and provide adequate information and justification to support your request.

N95 Masks
KN95 Masks
Surgical Masks
Cloth Masks
Isolation Gowns
Gloves
Face Shields
Goggles/Safety Glasses
No Touch Thermometers
Forehead Thermometers
Ear Thermometers
Thermometer Covers
Wristbands (paper)
Batteries
Basic First Aid Kit
Rubbing Alcohol
Hand Sanitizer
Siphon Pump (for Hand Sanitizer in drum or bucket)
Plastic Bottles (for Hand Sanitizer in drum or bucket)
Sanitizing Sprays
Sanitizing Cleaners
Sanitizing Soaps
Sanitizing Wipes
Bleach
Mop Bucket
Mop Handle
Mop
Trash Cans with Lids
Garbage Bags
Clear Shower Curtain (used to separate customer from employee)
Shower Curtain Rods (used to separate customer from employee)
