1. The March 19, 2020 Order of the Cabinet for Health and Family Services concerning mass gatherings, as previously amended by the May 9 and May 20, 2020 Order of the Cabinet for Health and Family Services (the "Mass Gatherings Order"), is hereby further amended as follows.

Guidance for Gatherings of Up To Fifty (50) People

Groups of up to fifty (50) people may begin gathering on June 29, 2020.

- If you are a member of a group particularly vulnerable to COVID-19 (individuals over 65 years old and/or with conditions identified by the [CDC as high risk](#)), public health experts recommend you continue to avoid in-person gatherings and remain Healthy At Home.
- If you host or attend a social, non-commercial gathering of up to fifty (50) people under circumstances not explicitly addressed by other [Healthy at Work guidance](#), please follow this document.

Groups Must:

- Communicate to individuals to stay home if sick and not attend a group event;
- Remain at least six (6) feet apart from people who are not a part of your household;
- Wear a cloth face covering or mask over your nose and mouth if you will be closer than six (6) feet to someone outside your own household;
- Wash or sanitize hands frequently;
- Screen and exclude persons with fever, symptoms of COVID-19, and/or direct exposure to COVID-19; and
- Not share food, drink, containers, plates, napkins, or utensils.

Groups Should:

- Remain Healthy at Home to the greatest extent practicable and socialize via Internet, telephone, and other means that allow people to socially distance;
- Limit the gathering size to the smallest number of people practicable;
- Hold the gathering outside whenever possible;
- Sanitize bathrooms and other high-touch surfaces frequently, ideally before and after each use whenever possible;
- Discourage people from sharing items including tools, sporting equipment, vehicles, cooking/grilling ware, and other high-touch objects;
- Avoid touching eyes, nose, or mouth; and
- Post signs whenever practicable to discourage handshakes, “high-fives,” and other direct person-to-person contact to reduce social pressure to engage in these common

behaviors.
