 <p>ESF 4 Firefighting</p>	<p>Stable</p>	<ul style="list-style-type: none"> • Incident Management Teams are deployed to the Emergency Coordination Center, Oregon Health Authority Agency Operations Center to support response efforts • Monitoring decreasing workforce due to COVID-19. • OSFM receiving requests for PPE and ready to push out soon and it arrives and distributions priorities set
 <p>ESF 5 Information and Planning</p>	<p>Stable</p>	<ul style="list-style-type: none"> • All Counties have declared a state of emergency • 6/9 Tribes have declared a state of emergency
 <p>ESF 9 Search and Rescue</p>	<p>Anticipated Instability</p>	<ul style="list-style-type: none"> • Downturn in volunteers available for local county search and rescue missions, as well county SAR mutual aid resulting in “loss of life” missions only. Limited volunteers, limited extra ordinary life saving resources and limited trauma medical facilities resulted in extreme hiking and climbing areas be restricted on federal lands.
 <p>ESF 10 Hazardous Materials</p>	<p>Stable</p>	<ul style="list-style-type: none"> • DEQ - Is transitioning to an ICS structure to support agency operations during COVID-19. We have developed guidance on how DEQ will respond to oil and hazardous material spills during COVID-19 while protecting response personnel. • DEQ - Providing PIO personnel to help staff the ECC JIC. DEQ is also providing OHA with a part-time Deputy Planning Section Chief. • OSFM - is in regular communications with all 13 Regional HazMat Emergency Response Teams.
 <p>ESF 12 Energy</p>	<p>Stable</p>	<ul style="list-style-type: none"> • The Oregon Department of Energy (ODOE) continues to monitor impacts to the fuel supply and distribution system with partners. The fuel industry is currently working to address surplus supplies as a result of the travel restrictions and stay-at-home orders in response to COVID 19. • Every year on May 1, the fuel industry transitions from winter grade gasoline to summer grade stocks. On March 27, EPA issued a Reid Vapor Pressure (RVP) waiver, allowing companies to continue using the existing surplus supply of winter blend fuels remaining in the system after May 1. Oregon has more stringent requirements. ODOE is working with the Oregon Department of Agriculture and DEQ to ensure all state conditions for an RVP waiver are addressed.
